

2018 Annual ECLIP Meeting
Klinik für Transplantationsmedizin
Universitätsklinikum Münster
April 27th-28th 2018

Organizer Committee

Prof. Harmuth Schmidt, Chair (Germany)

Dr. Elena Vorona (Germany)

Prof. Martin Wabitsch (Germany)

Prof. David Araújo-Vilar (Spain)

2018 Annual ECLip Meeting - Final program

April 27st

ECLip Registry meeting (for ECLip members only)

08:30	Welcome <i>Prof. Hartmut Schmidt, Universitätsklinikum Münster, Germany</i>
08:40	Current status of the ECLip registry <i>Prof. Dr. Martin Wabitsch, University of Ulm, Germany</i> <i>Aim of the Registry</i> <i>Organization of the Registry and its committees</i> <i>Finances</i> <i>Registration at Clinical Trials</i>
09:00	Data set included in the ECLip Registry and proposal for an essential data set <i>Prof. David Araújo-Vilar, University of Santiago de Compostela, Spain</i>
09:30	Trouble shooting – proposals for correction of existing errors in the current registry <i>Dr. Julia von Schnürbein, University of Ulm, Germany</i>
10:00	Data protection <i>Dr. Jannik Schaaf, Frankfurt, Germany</i>
10:15	Coffee break
10:45	The French Experience, Lille <i>Prof. Marie Christine Vantuyghem, Centre Hospitalier Universitaire (CHRU) de Lille, France</i>
11:00	The French Experience, Paris <i>Prof. Corinne Vigouroux, Centre de Recherche Saint-Antoine, Paris, France</i>
11:15	The Italian Experience <i>Dr. Giovanni Ceccarini, University Hospital of Pisa, Italy</i>
11:30	The Spanish Experience <i>Dr. Antía Fernández-Pombo, University of Santiago de Compostela, Spain</i>
11:45	The Russian Experience <i>Dr. Ekaterina Sorkina, Endocrinology Research Center, Moscow, Russia</i>
12:00	First epidemiological results and proposal for aim of a first publication <i>Prof. Dr. Gabriele Nagel, University of Ulm, Germany</i>
12:20	General discussion: Further actions, ERN, collaborations, third parties, pharma industry, conducted by Prof. Dr. Martin Wabitsch University of Ulm, Germany
13:15	Election of next Registry Board Conducted by Prof. Dr. Martin Wabitsch University of Ulm, Germany
13:15	Lunch

April 27th

15:00	Welcome <i>Prof. Hartmut Schmidt, Universitätsklinikum Münster, Germany</i>
15:15	Lipodystrophy proteins in the regulation of fat tissue development and function <i>Dr. Justin Rochford. University of Aberdeen, UK</i>
15:45	FPLD2: what cellular models told us about pathogenesis <i>Prof. Giovanna Lattanzi, CNR, Unit of Bologna, Italy</i>
16:15	MDPL syndrome: characterization of a cellular model <i>Dr. Maria Rosaria D'Apice, Tor Vergata University, Rome, Italy</i>
17:45	Coffee break
18:15	What do we learn from <i>BSCL2</i> murine models? <i>Prof. David Araújo-Vilar. University of Santiago de Compostela, Spain</i>
18:45	Alterations of immune function and advanced glycation end products in mice with lipodystrophy <i>Prof. Katrin Hoffmann, Martin-Luther-Universität Halle Wittenberg</i>

April 28th

08:30	The ECLip patient registry – an update <i>Prof. Dr. Martin Wabitsch, University of Ulm, Germany</i>
08:50	ECLip and European Reference Network on Rare Endocrine Conditions <i>Prof. Ferruccio Santini/Dr. Giovanni Ceccarini. University Hospital of Pisa, Italy</i>
09:10	Inherited and acquired lipodystrophies in Russia: clinical, hormonal and molecular-genetic characteristics <i>Dr. Ekaterina Sorkina. Endocrinology Research Center, Moscow, Russia</i>
09:40	Clinical and molecular characterization of Egyptian patients with lipodystrophy <i>Prof. Solaf Mohamed Elsayed, Ain Shams University, Cairo, Egypt</i>
10:10	Lipodystrophy search in Polish patients: Detection of a new <i>PPARG</i> gene (<i>Asp116Gly</i>) mutation in a family <i>Prof. Magdalena Szopa, Jagiellonian University Medical College University Hospital, Krakow, Poland</i>
10:40	Coffee break
11:15	Central nervous effects of 12 months of metreleptin substitution in 9 patients with lipodystrophy measured with functional MRI <i>Dr. Haiko Schlögl. University of Leipzig/University Hospital Leipzig, Germany</i>
11:45	Fontaine syndrome due to <i>SLC25A24</i> variants <i>Dr. Karin Writzl, University Medical Centre, Ljubljana, Slovenia</i>
12:15	<i>MFN2</i>-associated lipomatosis: clinical, metabolic and adipose tissue phenotypes <i>Prof. Corinne Vigouroux. Centre de Recherche Saint-Antoine, Paris, France</i>
12:45	Acquired lipodystrophies and autoimmunity: our experience and a working proposal for the ECLIP registry groups <i>Dr. Giovanni Ceccarini. University Hospital of Pisa, Italy</i>
13:15	Lunch

15:00	Barraquer-Simons Type lipodystrophy <i>Prof. Marie Christine Vantyghem, Centre Hospitalier Universitaire (CHRU) de Lille, France</i>
15:30	Update on therapeutic strategies in Hutchinson-Gilford Progeria and related disorders <i>Dr. Karim Harhour. Hôpital de La Timone - Enfants, Marseille, France</i>
16:00	Nuclear Envelope in Lipodystrophy and Hepatic Steatosis <i>Prof. Howard J. Worman. Columbia University, NY, USA</i>
16:30	Novel treatment studies for familial partial lipodystrophy Syndromes: what is on the horizon? <i>Prof. Elif Oral. University of Michigan, USA</i>
17:00	Coffee break
17:30	Developing Support for Patients with Negative Body Image Due to Lipodystrophy <i>Claire Adams. University of Cambridge, UK</i>
18:00	International multidisciplinary intervention for lipodystrophy patients since a sociosanitary scope <i>Naca Pérez de Tudela, AELIP, Spain</i>
18:15	Beyond the Metabolics - The Burden of Living with Lipodystrophy from the Patients' Perspective. <i>Andra Stratton, Lipodystrophy United, Albuquerque, New Mexico, USA</i>
18:30	Closing Lecture: Lipodystrophy, an historical perspective <i>Prof. Hartmut Schmidt, Universitätsklinikum Münster, Germany</i>
19:00	Final conclusions <i>Prof. Hartmut Schmidt, Universitätsklinikum Münster, Germany</i>

Venue: Factory Hotel

An der Germania Brauerei 5, 48159 Münster, Germany

TRAVEL to Meeting Centre:

By air:

airport FMO in Münster
